The Prince2® Agile- Foundation & Practitioner course is for those working in businesses who seek a more agile way of working and who want to understand vital behaviours such as collaboration and transparency. The qualification is widely adopted around the world and covers the essentials of managing successful agile projects, no matter the industry or scale. The awarding body for this course is Axelos.

Structure

We offer Prince2® Agile- Foundation & Practitioner in a Virtual Classroom via Google Meets or via E-Learning.

There are no formal prerequisites for the Foundation course.

To undertake the Practitioner course you must complete and pass the Foundation course or have achieved one of the following:

- PRINCE2® 5th Edition (Foundation or Practitioner)
- PRINCE2® 6th Edition (Foundation or Practitioner)
- PRINCE2 Agile® Foundation
- Project Management Qualification® (PMQ)
- Certified Associate in Project Management® (CAPM)

- Project Management Professional (PMP)®
- IPMA Levels A,B,C and D® (Certified Projects Director)

We run the Foundation and Practitioner Virtual Classroom course in a 4 day block (our Prince2 Agile Bundle):

Foundation = 2.5 days (Monday-Wednesday), exam taken on Wednesday.

Practitioner = 1.5 days (Wednesday-Thursday), exam taken on Thursday.

If desired, you are able to only purchase the Foundation course, or the Practitioner course (if you have previously passed Foundation) rather than the bundle.

The course syllabus covers the practices and processes of Prince2® Agile which can be applied to your projects no matter the industry or scale.

Prior to starting the course you will receive a pre-course study notes pack to help you prepare before the course.

During Prince2® Agile Foundation course you will learn how to plan, manage and deliver projects from start to finish within Agile environments. The Prince2® Agile Practitioner course then builds and expands on this and helps you to understand how to practically apply the Prince2® methods in live working environments.
